## All Need To Know I Learned From Noah's Ark

1. Don't miss the boat.
2. Remember that we are all in the same boat.
3. Plan ahead. It wasn't raining when Noah built the Ark.
4. Stay fit. When you're 600 years old, someone may ask you to do something really big.
5. Don't listen to critics; just get on with the job that needs to be done.
6. Build your future on high ground.
7. For safety's sake travel in pairs.
8. Speed isn't always an advantage. The snails were on board with the cheetahs.
9. When you're stressed, float awhile.
10. Remember the Ark was built by amateurs, the Titanic by professionals.
11. No matter the storm, when you are with God, there's always a rainbow waiting.

## THINK SPRING

I pretend that Winter's gone  
(My window's revealing an icicle)  
And imagine Spring has come,  
As I pedal my exercise bicycle.

## At day's end

Is anybody happier because you passed this way? Did someone remember that you spoke to him today? The day is almost over, and its toiling time is through. Is there anyone to utter now a kindly word of you?

Can you say tonight, in parting with the day that's slipping fast, that you helped a single brother of the many that you passed? Is a single heart rejoicing over what you did or said. Does the man whose hopes were fading now with courage look ahead?

Did you waste the day, or lose it? Was it well or sorely spent? Did you leave a trail of kindness or a scar of discontent? As you close your eyes in slumber, do you think that God will say, "You have earned one more tomorrow by the work you did today"?
