	Connie Roberson - Aug. 23 <sup>rd</sup>
	Ray Hill - Aug. 23 <sup>rd</sup>
	Sheila Phillips - Aug. 25 <sup>th</sup>

### AN EXAMPLE OF THE ULTIMATE LABORER:

The worker honeybee (females) will travel within a 5-mile radius to collect pollen, nectar and propolis for the hive. She will visit at least 1,000 flowers and produce less than a teaspoon of honey in her lifetime - which is about 40 days. These girls literally keep a hive functioning, power the force of pollination and help our world. Some of the functions of a female honeybee are: Mortuary Bees - who will carry off dead bees or larvae and remove them far away from the hive to prevent disease. Drone Feeders - when the male bees hatch, they cannot feed themselves, so they have workers that feed them. Queen Attendants - who will take care of every need of the queen including feeding and grooming her. Honey Sealers - will remove the appropriate water content and then cap the honey. Honeycomb Builders - the builders of honeycomb will receive wax from another bee and use it to start building more honeycomb. Fanning Bees - they are the air conditioning for the hive and produce heat in the winter by fanning their wings. Water Carriers - their job is to carry water to the fanning bees, in order to cool the hive. Guard Bees - they hover at the entrance of the hive to protect it from unwanted visitors. Foraging Bees - gather the food for the hive. These girls are on a mission to get a job done and to work all day, every day of their lives. NOW THAT IS GIRL POWER IN ACTION! What does the male honeybee (called Drones) do you maybe wondering? Their sole purpose is to mate with the queen one time then they spend the rest of their days eating the honey that the girls bring in and process!

IN HONOR OF LABOR DAY

SEPTEMBER 2, 2024

## A LABOR DAY PRAYER

LORD on this Labor Day,  
we thank You for the blessing of work.  
We ask for strength to complete each day.  
We ask for rest when we are weary.  
We ask Your guidance for everyone  
seeking employment and we ask that  
You be with those whose faces we might never see,  
but who work tirelessly each day for the good of us all.

Amen.

## WORK FOR JESUS

Work for Jesus while you still can  
Soon comes the day when all work will be done  
Labor for the Master from morning till night  
Whether plodding along walking or soaring to run  
Work for Him who sent you  
Into his harvest field  
Being ready and equipped  
With His armor, sword, and shield  
Work and labor for the Savior  
With all your strength and might  
Stay in the battle  
And never give up the fight  
Walking in the light of Jesus  
While it is still day  
Living for eternity  
And in Heaven treasures lay.
