With the political arena what it is right now, this could help us keep our sanity for a while:

Someday, everything will make sense,
so for now, laugh at the confusion,
smile through the tears
and keep reminding yourself that
everything happens for a reason.
God has got this!

On a very serious note... our country needs our prayers but there again, **God has got this!**

To be Like Him

Worship is a blessed privilege, not only because it brings supreme joy, but because it also brings likeness to God. It is by communion with God we are made like Him. When Moses came down from beholding God, his own face shown with a strange and awful glory. Paul says that "we all, reflecting as a mirror the glory of the Lord, are transformed into the same image from glory to glory." Our complete transformation into His likeness will come through the complete and undivided vision of Him. "We shall be like him; for we shall see him even as he is." R. A. Torrey

+ + + +

While it is certain that God deals with men in different ways and that there is no one pattern for conversion, it is true that where there is no sorrow for sin there can be no joy of salvation. Conviction, repentance, the cry for mercy, and the experience of the mercy of God spell out the sinner's way back to God. *The Sunday School World*

"Faith is not a matter of fact, but a matter of degree. It is not enough to say... 'I believe.' The next question you must face is this: 'How deep is my belief?' The fact is that one can sincerely believe with a 'couple layers of the mind and doubt with all the rest.'" W. E. Sangster

IT'S BEEN SO HOT AND DRY IN TENNESSEE....

-the birds have to use potholders to pull the worms out of the ground.
-the trees are whistling for the dogs.
-the best parking place is determined by shade instead of distance.
-hot water comes from both taps.
-you can make sun tea instantly.
-you learn that a seat belt buckle makes a pretty good branding iron.
-the temperature drops below 95 F (35 C) and you feel a little chilly.
-you discover that in July it only takes two fingers to steer your car.
-you discover that you can get sunburned through your car window.
-you actually burn your hand opening the car door.
-you break into a sweat the instant you step outside at 7:30 A.M.
-your biggest bicycle wreck fear is, "What if I get knocked out and end up lying on the pavement and cook to death"?
-you realize that asphalt has a liquid stage.
-the potatoes cook underground, so all you have to do is pull one out and add butter.
-the cows are giving evaporated milk.
-farmers are feeding their chickens crushed ice to keep them from laying boiled eggs.
